

**Miamisburg City Schools**  
**MCS Parent Advisory Council**  
presents:

# **Parent University**

**September 6, 2018**

**6:30 PM**

**Miamisburg High School**  
**Lecture Hall**

## **Assessments**

The assessment landscape is much different now from when most parents were students. Miamisburg City Schools wants to proactively communicate with parents about the role assessments play in student learning. Please join our presenters, Amy Dobson, Director of Elementary Education, and Stacie Moore, Director of Secondary Education, as they discuss:

- **What are the types and purposes of assessments used in grades K-12?**
- **What are the various assessments intended to measure?**
- **How are assessment results used?**
- **How will my child's data be shared with me?**

We look forward to sharing information and answering questions.
