REASON STAFF MEMBER IS NOMINATED

I would like to nominate Cheryl Smith for the Making a Difference Award. Since Cheryl joined the Miamisburg Middle School mathematics department, she has been a valuable asset. She created handouts for every lesson for our algebra textbook which she shared with everyone. Her handouts were extremely well done. They included examples, important vocabulary, and objectives. These handouts were a benefit to the teachers and to the algebra students.

In addition to spending countless hours creating these wonderful handouts, Cheryl is always willing to share materials and help others. One of the ways that Cheryl helps others is by sharing her computer expertise and knowledge of technology. At department meetings; she actively contributes to the discussion. She also recently piloted a textbook program for the math department.

In conclusion, Cheryl strives to be innovative in the classroom. She incorporates technology in different ways and she has even used graphing calculators on a regular basis with her algebra students. For all of these reasons, I feel that Cheryl Smith should be honored with a Making a Difference Award. She truly is an asset to our school and our district.
