### Additional Notes

**On October 23rd, in a meeting with the local health department, Superintendents were asked to only report quarantine numbers for students and staff they themselves have asked to quarantine. Therefore, moving forward, the numbers posted will only reflect those the district has asked to quarantine due to exposure in the school/extracurricular environment and/or a positive test result.**

**\*High School** - 2 of the student positive cases reported received their test results during Fall Break. **\*\*High School** - 1 staff member postive case reported received their test results at the beginning of Fall Break **\*\*Middle School** - 1 of the listed staff members tested positive while already out on quarantine and during Fall Break, therefore no other exposures resulted. **\*\*Bear** - staff member tested positive during Fall Break **\*\*Other** - Staff member tested positive during Fall Break, resulting in no additional exposures.
