REASON STAFF MEMBER IS NOMINATED

Mrs. Wall, secretary of Medlar View Elementary School, has had an impact on the lives of Medlar View students. It all starts with her sweet, pleasant and calm welcome to each student who walks through the office doors. She provides a sense of acceptance and belonging to our students. They are made to feel important. Whether it's an errand a student is running for a teacher, a question or concern a student may have that has brought them to the office or tending to a sick or injured student, she acknowledges and provides a caring, safe environment for the student. That makes the student want to return to the office.

She recently showed exemplary care for a student that has led to her making a difference in this student's life in regards to their health and is the reason I am nominating her for this award. Her promptness in triaging the student and quick communication with parents resulted in quick medical care and a new diagnosis. She has continued to communicate with the parents, providing support and encouragement days later.

Medlar View is so very lucky to have Mrs. Wall and there is no doubt our students and parents would also agree.
